INTRODUCTION

This document outlines the latest standards for the Towards Excellence Accreditation process which have been reviewed and updated by One NHS Finance (ONF) in partnership the North West Skills Development Network and subsequently approved at the January 2022 NHS Finance Leadership Council (FLC) meeting. This document outlines each stage of the application process at each level, hints and tips for your application and how assessments should be conducted.

BACKGROUND

The One NHS Finance Towards Excellence Accreditation process is designed to allow the Finance Leadership Council to give due recognition to organisations that have the very best finance skills development culture and practices in place. There are three levels, each designed to reflect the continuous development of your finance function and recognising the highest standards of financial competence and commitment to skills development.

The process is reviewed on a regular basis to ensure it remains fit for purpose. The standards outlined in the document are updated annually for approval in January.

OVERVIEW

LEVEL 1

Good Practice: Organisations must demonstrate that they are meeting basic levels of good finance staff development practice as described in both national and local strategies and action plans.

Level 1 accreditation applications are self-assessed. Once the required evidence has been collected, sign off from the FD/CFO is needed to confirm that they agree with the assessment.

LEVEL 2

High Level of Performance: The emphasis at this level is on sustained performance. Organisations must demonstrate an overall culture that is innovative and consistently supportive of the development of the finance capability throughout the organisation.

Moving from Level 1 to Level 2 – it is recommended that newly accredited organisations allow a 12 month ‘grow’ period before applying for Level 2, thus allowing a sufficient timeframe for systems and processes to be fully embedded.

Accreditation applications at Level 2 and 3 must be peer reviewed. This process provides an additional level of assurance over and above a self-assessment process. Peer reviewers will be referred to in this document as assessors.

LEVEL 3

This level will enable demonstration of a **leading-edge NHS finance function** that has an influence on the NHS finance system outside organisational boundaries. Organisations must demonstrate an overall culture that is innovative and consistently supportive of the development of the wider improvement of the NHS finance system and beyond.

Achievement of Level 3 would require access through Level 2, thus showing a significant growth over a further period of at least 2 years. Organisations who have been re-accredited at Level 2 may be able to apply for Level 3

within a shorter timeframe, the timescales of which would be determined by the appointed assessors in conjunction with the ONF team.

All organisations being assessed for Level 3 will need to exhibit evidence against all criteria required for Levels 1 and 2.

We request that all organisations who are looking to be assessed at Levels 2 and 3 contact the One NHS Finance Team 6 months ahead of the assessment deadline in order to manage demand for assessors.

OBJECTIVES

To confirm good finance skills development practice is established and maintained in all NHS organisations across England.

To encourage continuous development of the organisational financial competence through increasingly higher standards of skills development within the finance function, thus enabling organisations to meet the challenges of the changing agenda.

To celebrate the success of organisations who take skills development seriously and so are able to identify continuous improvement of the capability and financial competence of both the finance function and the organisation, as a whole.

BENEFITS

Creates a development culture, underpinned by a competence-based approach.

Helps promote an environment of professionalism, initiative, enterprise, and innovation.

Excellent tool for sharing good practice across all organisations.

Quality-led approach to service delivery and maintenance of finance quality standards.

Provides workforce with transferrable skills.

Provides a support network amongst finance professionals.

Supports the finance competence within the wider organisation through training and working in partnership with others (including clinicians).

Offers public acknowledgement that the Finance Director/Chief Finance Officer is developing the finance team and finance competence of the wider organisation, in a planned and effective manner, giving reassurance that the professional and technical capability of the function is high quality.

Raises the organisation's profile nationally through One NHS Finance.

ROLES AND RESPONSIBILITIES

ROLE OF THE ORGANISATION

The organisation is requested to let the One NHS Finance Team know 6 months ahead of their preferred assessment deadline in order for the central team to manage demand for assessors.

The organisation is expected to complete the proformas accurately and to collate evidence for level 2 and 3 in an organised way, ready to hand over to their assessor.

You will be required to organise meetings for your assessment and to respond in a timely manner, should there be any queries about your submission.

ROLE OF ASSESSOR

Accredited organisations will be expected to nominate a member of their finance team to become an assessor. This is mandatory for Level 3 organisations.

The role of the assessor is pivotal to the accreditation process. It is essential that assessors work in strategic roles where they understand the breadth of finance. Assessors will possess excellent leadership skills, being prepared to tackle differences in evidence between staff and the leadership team. They will be able to effectively communicate their findings and be consistent in applying the evidence. They must be prepared to meet with fellow assessors to share best practice and provide peer support and to ensure that the scheme is owned by the finance profession.

The assessor will be expected to produce the final assessment report and provide feedback to the organisation and the Finance Leadership Council. For continuity and where feasible, the assessor's will have been involved in the respective organisation's previous assessment.

OBSERVERS

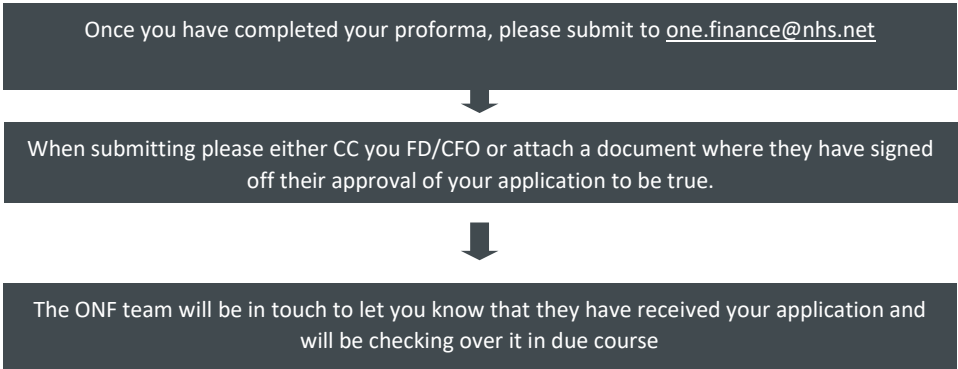

Finance colleagues who have not yet conducted an assessment who are keen to support the accreditation process should shadow an assessor conducting an assessment before undertaking one themselves.

When shadowing an assessment, the observing assessor will be paired with a lead assessor and will support them throughout the process. This will include attending all meetings and working through sections of evidence to ensure it is in line with the accreditation standards.

LEVEL 1 NATIONAL PROCESS

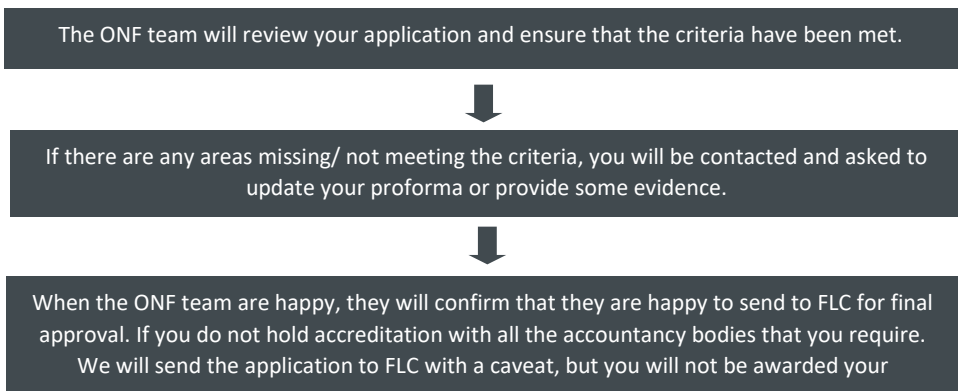

Application Process

Submission

*Organisations applying for re-accreditation must contact ONF to discuss timelines at least **6 months** prior to date of expiry of their current accreditation*

Application Checking

Tip – it is better to write in full sentences throughout the proforma rather than bullet points. It makes it easier to create an image of your organization

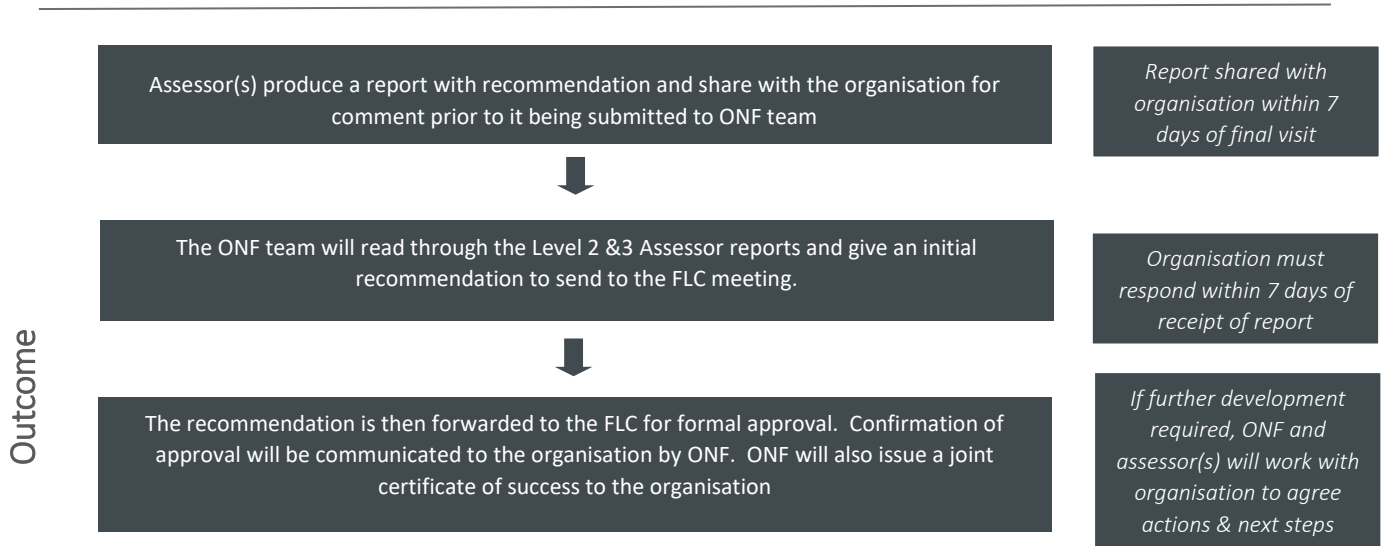

Outcome

If further development required, ONF and assessor(s) will work with organisation to agree actions & next steps

LEVEL 2 AND 3 NATIONAL PROCESS – ADD WHEN FULL EVIDENCE NEEDS TO BE SENT TO US

COLLECTION OF EVIDENCE

It is recommended that a finance lead be appointed to support this work across the organisation. However, organisations are encouraged to set up a working group (this is not a one-person process) to ensure it is an inclusive process and to support the collation of evidence to take accreditation forward.

Organisations will be required to submit a RAG rated evidence proforma which should include an outline of the evidence being provided and a list (preferably referenced) of each piece of evidence against each of the criteria to support the application for accreditation.

When applying for Level 2 accreditation, organisations must also include their up-to-date evidence for Level 1. Similarly, for Level 3 accreditation, evidence must be submitted across all three levels to ensure it is current.

Evidence should be collated via electronic format wherever possible. Examples of evidence include meeting minutes, audit reports, PDR/Appraisal forms, case studies, discussion with staff etc.

APPLYING RAG RATING

The evidence tool provides a column for the organisation to be able to assess the availability of evidence and to apply a RAG rating.

Green All evidence collected

Amber Some evidence provided - evidence exists but needs to collate into a common folder

Red No evidence provided

EVIDENCE SUBMISSION

Submissions must include RAG rated Evidence Schedule Proforma, Employer Accreditation Proforma and written introduction, as part of their application. Proformas must be provided to the assessor(s) in advance of the initial assessment visit.

The written introduction must include the following:

- Information about the organisation (size, geography etc)
- Information about the finance department (including structure, number of staff qualified, studying)
- Skills Development & ONF within your organisation
- Key areas of good practice
- External recognition – examples of influencing & leadership regionally and nationally (Level 3 only)
- Next steps
- Endorsement from Finance Director and a service user (e.g., budget holder)
- Endorsement from the Chief Executive (for Level 3 applications only)

PRE-ASSESSMENT MEETINGS (FACE TO FACE OR VIRTUAL)

Planned pre-assessment visits/meetings will be carried out to support organisations to agree and set up work plan and to review evidence prior to the formal assessment visit. Please see below an example of a meeting timetable.

Assessment Days

A minimum of two half days will be required for each assessment visit. All visits/meetings should be planned several weeks in advance to ensure that appropriate individuals are available to attend.

Initial visit/meeting will include:

- Introductions/overview of organisation (by organisation's accreditation lead, usually the FSD Lead)
- Detailed review of evidence
- Develop questions in preparation for final visit (See Appendix 2 & 3)
- Feedback to Finance Director/Chief Finance Officer and accreditation lead on any outstanding evidence that may be required, potential areas for improvement and the recommendation that will be put forward regarding level of accreditation.

Final visit/meeting will include:

- Meet and interview finance staff (minimum of 3, ideally 25% of team) plus Finance Director/Chief Finance Officer, non-finance/clinical staff (2 for Level 2 and 3 for Level 3) (for Level 3 applications, this will also include the Chief Executive)
- Determine level of engagement and visibility within the organisation. It may be useful to speak to additional stakeholders in order to gain a better understanding of the way in which the finance team engages with the wider organisation for example clinicians or divisional general managers.
- Preliminary outcome/closure discussion between assessor(s), Finance Director/Chief Finance Officer and accreditation lead. If this is not possible on the assessment day, a follow-up discussion must be agreed.

CARRYING OUT VIRTUAL ASSESSMENTS

Assessments can be carried out virtually through an online platform (the preferred option is MS Teams, however where this is not feasible, other platforms can be considered). The process for carrying out a virtual assessment is the same as a face-to-face assessment. The following should be considered when carrying out a virtual assessment:

Agree the online platform and ensure everyone can access it.

Agree how the evidence will be shared (e.g., MS Teams Channel, Future NHS Collaboration Platform, portals etc).

For the final assessment, agree an interview schedule and invite everyone to a meeting for the day on the respective online platform. This avoids having to set up several meetings with different links. Ensure sufficient time is allowed for breaks throughout the day.

An introductory session will take place with the finance team at the start of the final assessment meeting to include introductions, purpose of the meeting and outline of the day and interview process. An ice breaker may also be used.

For interviews, as well as individual meetings, there may also be small group meetings.

Encourage everyone to use their computer camera where feasible.

ASSESSOR REPORT

Following the final assessment visit, the assessor/lead assessor will be required to:

- write up a report (see Appendix 4 for template)
- review any outstanding documents which may not have been available previously
- highlight areas of good practice and ask permission from the organisation to share more widely by contacting one.finance@nhs.net
- forward a copy of the report within **7 days** of the formal assessment visit, to the organisation's Director of Finance/Chief Finance Officer and accreditation lead (usually the FSD Lead) for comment prior to it being presented to the ONF Central Team for formal approval.
- organisations must respond with any feedback within **7 days** of receipt of the assessor report. If no response is received, it will be assumed the organisation is happy the report.

FORMAL APPROVAL

All applications for Accreditation should be sent to one.finance@nhs.net.

The annual application deadlines are 30 April, 31 August, and 30 December each year.

The Finance Leadership Council (FLC) will make the final decision on the recommendation for accreditation which will be based on the full assessor report, a copy of the RAG rated evidence schedule and the written introduction from the organisation. The FLC may request further evidence to support a final decision. Assessors will provide additional feedback to organisations as appropriate.

The organisation will receive confirmation of the approval and certificate of success from the ONF team following the FLC meeting.

LENGTH OF ACCREDITATION/EXPIRY/EXTENSION REQUESTS

Accreditation will expire after 3 years (accreditation certificates will identify the date for renewal). Organisations will be expected to maintain continuous accreditation, so should plan for reassessment as the expiry period approaches. Applications should be submitted in writing by the Finance Director/Chief Finance Officer to the ONF team initially.

However, should expiry occur, a timeframe will be agreed for organisations to submit for re-accreditation, within a period of no longer than 6 months. Organisations who do not become re-accredited during this period will no longer be accredited and will be expected to commence at Level 1.

In exceptional circumstances a further extension period (maximum 3 months) may be granted. Requests must be submitted in writing by the Finance Director/Chief Finance Officer to the ONF team initially.

ACCREDITATION LOGO/BRANDING

Upon achieving Towards Excellence Finance accreditation, organisations will be issued with an accreditation logo and guidance on how to use the logo on organisations' communications (e.g., emails) by ONF.

SHARED SERVICE ARRANGEMENTS

NHS Shared service organisations who can demonstrate that they operate as a standalone organisation, will be eligible to apply for accreditation. This may, but not exclusively be, demonstrated by a level of autonomy in the business planning and operation of the organisation, the existence of a management board comprising members drawn from those organisations that use the service and service level agreements with client organisations.

EMPLOYER ACCREDITATION

Training Partner and CPD Accreditation is mandatory with the appropriate bodies for all NHS organisations that:

- Have responsibility for the professional training of AAT, ACCA, CIMA, and ICAEW students
- Have responsibility for the professional development of AAT, ACCA, and CIMA qualified finance staff

The One NHS Finance National Accreditation board have agreed that accreditation with CIPFA will no longer be compulsory under criterion 1.3.5, which covers the requirement for professional body accreditation. This was decided following the introduction of a fee by CIPFA to apply for their professional accreditation. Organisations wishing to secure CIPFA accreditation are still encouraged to do so.

APPENDIX 1 - Towards Excellence Finance Evidence Schedule

STANDARD	LEVEL 1	LEVEL 2	LEVEL 3
1. Infrastructure	1.1.1 The Director of Finance / Chief Finance Officer's job description clearly describes professional leadership responsibilities.	2.1.1 There is clear evidence of proactive professional leadership by the Director of Finance / Chief Finance Officer.	3.1.1 There are examples of cross-functional leadership beyond the organisation (e.g., working with HFMA, One NHS Finance, NHS England and NHS Improvement, or professional accountancy bodies; other leadership activities, including informatics, payroll and procurement, can be evidenced).

	1.4.7 There is a prioritised training plan in place for the finance function that identifies resource requirements.	2.4.7 The organisation can demonstrate that the finance function's training plan is being implemented.	
	1.4.8 There is evidence that work / life balance is recognised and encouraged.	2.4.8 Where appropriate, there is evidence to demonstrate that work / life balance issues are being addressed and resolved.	

STANDARD	LEVEL 1	LEVEL 2	LEVEL 3
5. Corporate Financial Competence	1.5.1 A regular (i.e. at least annual) assessment of the financial training requirements of non-finance staff is undertaken. This should cover Board Directors and budget holders / managers as a minimum.	2.5.1 There is a funded and monitored resource plan in place to support the financial training needs of non-finance staff which should include evidence of training provided by ONF Finance and Clinical Educators.	3.5.1 There is an annual review of the effectiveness of the financial training provided for non-finance staff. Examples of good practice within the organisation are shared with ONF's Finance and Clinical Educators Network.
	1.5.2 A perception / opinion survey of the services provided by the finance function is undertaken at least annually. <i>(For shared service organisations: through regular reviews with client organisation(s)).</i>	2.5.2 Active attention is paid to the Finance function's profile within the organisation. (For shared service organisations: Active attention is paid to the team's profile with client organisation(s)).	3.5.2 Consideration is given to external best practice and benchmarking to inform the development of the finance function.
	1.5.3 Budget holders / users of the service have on-line access to relevant financial information to encourage their involvement in, and responsibility for, budget management.	2.5.3 There is evidence of a proactive approach to the development of financial competence across the organisation.	3.5.3 The finance function is integrated within the organisation (e.g., leading on key projects, chairing committees, contributing to divisional boards etc.). (For Shared Service organisations: The team can demonstrate that it works on key projects in conjunction with client organisation(s)).
	1.5.4 There is an organisational Business Plan in place.	2.5.4 There is evidence that the finance function plays a strong and active role in future financial planning within the organisation.	3.5.4 There is clear evidence of involvement in and influence on the NHS and public sector change agenda (e.g., membership of regional and national working groups; contributions to regional and national work-streams; etc.).
	1.5.5 There is evidence of collaborative teamwork with clinicians and non-finance staff across the organisation.	2.5.5 There is active engagement with clinicians and service users to improve services and efficiency whilst reducing waste.	3.5.5 There is evidence that the finance function provides a leadership role in educating non-finance staff (e.g., corporate presentations.)

STANDARD	LEVEL 1	LEVEL 2	LEVEL 3
6. Business Controls and Policy	1.6.1 The organisation can demonstrate it is meeting its statutory financial duties.	2.6.1 Finance KPIs are established and regularly reported to the Board and / or Board Committees.	3.6.1 There is evidence of demonstrable improvement in performance against KPIs.
	1.6.2 There is an organisational Corporate / Integrated Governance Framework (including SFIs) and appropriate Risk Management systems.	2.6.2 There is evidence that the finance function complies with the organisation's Corporate Governance Framework and Risk Management systems.	3.6.2 There is evidence that staff throughout the organisation are fully aware of their obligations in respect of the organisation's SFIs.
	1.6.3 There are written procedure notes available to staff for all financial systems and all procured systems are supported by detailed system manuals.	2.6.3 A set of fully reconciled summary accounts and relevant supporting notes are produced for the organisation at least twice a year.	3.6.3 A set of fully reconciled summary accounts and relevant support notes are produced for the organisation at least quarterly.
	1.6.4 The Finance Director / Chief Finance Officer works with colleagues in HR to ensure that the contracts of senior finance staff include a requirement to comply with the Code of Conduct for NHS Managers.	2.6.4 The organisation produces income and expenditure reports for each service on a quarterly basis and uses the information to monitor performance and to ensure clinical engagement to inform decision-making at both the service and organisation level. (Providers only)	3.6.4 The organisation produces income and expenditure reports for each service on a monthly basis and uses the information to monitor performance and to ensure clinical engagement to inform decision making at both the service and organisation level. (Providers only)
	1.6.5 The function can demonstrate that staff are kept apprised of changes in relevant policies / legislation (e.g., HR & Procurement).	2.6.5 Business continuity plans are in place for each department within the finance function (e.g., financial accounts, management accounts, financial planning etc.).	3.6.5 Business continuity plans are in place for each team within the finance function (e.g., accounts payable, accounts receivable etc.).
	1.6.6 A set of fully reconciled summary accounts and relevant support notes are produced for the organisation annually.	2.6.6 The finance function can demonstrate proactive engagement with Internal and External Audit providers through continual dialogue and action being taken to mitigate risks identified in year.	3.6.6 There is clear evidence of the finance function being proactively involved in integrated governance and risk management.
	1.6.7 The organisation produces annual income and expenditure statements for each service. (Providers only)	2.6.7 Where financial services are outsourced, Service Level Agreements for those services are regularly monitored, with appropriate action taken where agreements are not honoured.	

STANDARD	LEVEL 1	LEVEL 2	LEVEL 3
	1.6.8 A business continuity plan is in place for the finance function.	2.6.8 There is evidence of the effective use of the Finance Innovation Forums peer reviewed innovations in the review and improvement of processes & relationships within the wider organisation, including the submission of one innovation peer review.	
	1.6.9 The finance function is involved in creating the annual audit work plans and can demonstrate that it takes appropriate action on receipt of recommendations in internal and external audit reports. (For Shared Service organisations: The organisation can demonstrate that it works closely with their clients' external auditors).		
	1.6.10 Signed Service Level Agreements are in place for financial services, where these are outsourced.		
	1.6.11 If the organisation procures new finance systems or services, it should be able to demonstrate that it has secured value for money by so doing and should follow current best practice guidance for procurement.		
	1.6.12 There is evidence of effective use of the Finance Innovation Forums peer reviewed innovations in the review and improvement of financial processes.		

This document, along with the relevant Evidence Schedule Proformas, can be found on the One NHS Finance website: www.onenhsfinance.nhs.uk They will be continuously updated.

APPENDIX 2 - EXAMPLE ASSESSMENT QUESTIONS (LEVELS 2)

Assessors will meet with a minimum of 3 finance staff (ideally 25% of the headcount) to establish their views on personal and professional development opportunities within their organisation. Informal chats with staff can be via:

- Discussions with staff during walk round department
- Group discussions
