Online Learning

Below you will find a series of interactive short, smart learning opportunities delivered directly to you at your desktop.
To get started, select your subject below.

Widening Finance Skills

Widening Finance Skills

This short course gives non finance staff a clear and simple introduction to NHS finance. It seeks to demystify the financial language and help you to understand how it works. It is suitable for both budget holders and people that are new to finance.

[View the Modules](#)

Finance Basics

Finance Basics

An introduction to NHS finance aimed at junior finance staff and those new to the NHS to help them understand the range of activities that take place in NHS finance. They are a useful tool for anyone who would like to refresh their knowledge and insight.

[View the Modules](#)

Understanding Informatics

Understanding Informatics

This will give all NHS professionals an introduction into the many disciplines across NHS informatics, helping them to understand the various disciplines within informatics and what their key roles are.

[View the Modules](#)

Tools for Transformational Change

Tools for Transformational Change

These modules are designed to help NHS professional gain an understanding of the skills required to help achieve transformational change in the NHS and to help you to understand what works well. They are a useful tool for anyone working in the NHS who wants to refresh their knowledge and insight.

[View the Modules](#)

Sustainable Procurement

Sustainable Procurement

Offering procurement practitioners the tools and knowledge to assess their own procurement processes with a view to adopting more sustainable practices, the knowledge gained from these modules should assist in realising the cost savings associated with implementing more sustainable practices when procuring goods and services.

How the Money Flows in the NHS

How the Money Flows in the NHS

*Akeeban Maheswaran, a doctor and member of the Future Focused Finance Close Partnering Delivery Group, has produced an animation showing how money flows around the NHS. This could be useful tool for anyone needing to explain the complexities of NHS financing in a short, snappy way. The animation is designed to be useful to anyone who works in the NHS, particularly non-finance people (which is where Dr Maheswaran has approached it from)
